## Supply List - Science Lab

Scott Peterson - Science Lab Instructor

Science

I am very excited for the new school year to begin! Last year was a blast and this year will be just as fun. I have new activities planned where we will be designing, building, and creating all sorts of cool things!

All second through fifth grade students will need to have a science journal. It can any standard sized notebook (spiral or glued). The journals will be left in the science lab to be used when students see me for specials. If your child still has their notebook from last year, they can use that: **Reduce, Reuse, Recycle!**

Other items we need this year are:

Kindergarten and Grade 1: Kleenex

Grade 2: Small liquid hand soap

Grade 3: Hand Sanitizer

Grade 4: Box of straws

Grade 5: Liquid glue

Additional wish list items are:

Small Petsmart gift cards (animal food and bedding), flower seeds, spiral notebooks (for students new to the school or cannot get them), legos (even random ones old ones from years past), matchbox cars
